ROBERT C. BYRD, WEST VIRGINIA, EX OFFICIO

#85-1293

April 2, 1985

The Honorable William J. Casey
Director of Central Intelligence
Central Intelligence Agency
Washington, D.C. 20505

Dear Bill:

The Committee has reviewed the file designations which you have made for the Directorate of Operations, the Directorate for Science and Technology, and the Office of Security, pursuant to P.L. 98-477, the Central Intelligence Agency Information Act. Extensive examination of the designations and detailed supporting documentation indicates that there appears to be no problem with respect to implementation.

We want to compliment you and your staff for the meticulous manner in which these file designations appear to have been handled, and for the cooperation which was extended to facilitate the Committee's review. [redacted] of your Office of Legislative Liaison has done an outstanding job in enabling us to be confident that the Agency is adhering to the letter and spirit of the CIA Information Act.

The Committee will continue to engage in regular oversight of the Agency's implementation of the Act. As informally agreed between our respective staffs, we would appreciate having the opportunity to review the new forms of reply that will be used to respond to FOIA requestors when the file designations are implemented.

Thank you for providing our staff the opportunity to review and discuss the rationale and justification of the various designations under the Act prior to their implementation. We hope that the Act will successfully fulfill its intended purposes in providing the CIA with relief from unproductive burdens while safeguarding the public's right to request review of information in which it has a legitimate interest.

Sincerely,
